

## ONLINE SAFETY PLEDGE

**Because using the computer and the Internet is a privilege I do not want to lose,**

- ✓ I will surf, search, work, play and chat safely whenever I go online.
- ✓ I will follow ALL the rules that we have agreed upon.
- ✓ I will not reveal my real name, my phone number, my address or my passwords with online "friends."
- ✓ I will never meet in person with people I met online.
- ✓ If I find myself in an online situation where I am unsafe or uncomfortable, I promise to let you (my parent/guardian) know so you can assist me.
- ✓ I commit to this pledge and recognize that there are consequences to every decision I make.

---

Youth Signature

As your parent/guardian, I promise to make myself available to you when you ask for assistance and help you resolve any problems that may arise from use of the computer in any way that I can.
